LTL Solutions to Keep You Moving

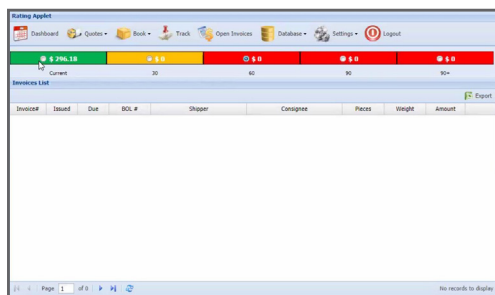

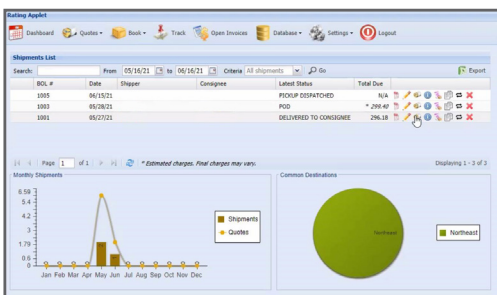

Navigating LTL shipping doesn't have to be complicated.

Aim's online LTL Rating portal makes it easy to find and book reliable LTL transportation in just minutes. Available directly on the Aim website, the portal removes the guesswork from carrier selection and pricing. Simply log in through your web browser and enter a few key shipment details—such as dimensions, weight, timeframe, and pickup and delivery locations. From there, the portal instantly displays a list of vetted, trusted carriers along with their rates, giving you the clarity and confidence to book the right option for your shipment.

Why choose LTL shipping with Aim?
